RANDOLPH COUNTY COMMISSION MINUTES

Tuesday September 10, 2019

The Honorable Commission convened at the Randolph County Courthouse with the following present: John Truesdell, Presiding Commissioner; Wayne Wilcox, Eastern District Commissioner, John Hobbs, Western District Commissioner, Ginger Tipton, Administrative Assistant.

9:00 a.m. Commissioner Truesdell called the meeting to order and moved to approve the agenda. Following review on a motion duly made and seconded the agenda was approved (3-0).

Sheila Miller (County Collector) delivered court orders from tax sale.

Michelle Lee (Deputy Clerk) delivered warrants and checks.

Mary Cagnino (City of Moberly) Bob Ehle (KRES/KWIX) arrived.

9:15 a.m. Mary Cagnino read the Notice of Intent:

Randolph Co. is preparing a Notice of Intent to apply for the Federal Emergency Management Agency's (FEMA's) Hazard Mitigation Grant. This grant is available to entities with approved Hazard Mitigation Plans, to fund projects that alleviate public safety concerns and protect property from chronic flooding due to frequent and catastrophic storm events. The 7 Bridges Road area of Moberly and Randolph County has experienced chronic and excessive flooding during the past several years due to frequent and catastrophic storm events. Randolph County is pursuing grant funding for the planning, design, and construction of flood control measures to reduce flood inundation elevations and roadway improvements that will include roadway reconstruction and infrastructure repair/replacement. Randolph County, in cooperation with the City of Moberly and other local entities, anticipates that the project will include watershed best management practices (BMPs) that will be constructed within the watershed of Sweet Spring Creek to reduce flood inundation elevations along 7 Bridges Road. The County is also considering reconstruction of the 7 Bridges Road to an elevation that will alleviate the frequent road closures and flooding that have occurred on numerous occasions in the past. In addition, the County anticipates that certain roadway infrastructure components such as culverts and bridges damaged by historical flooding along Sweet Spring Creek will need to be repaired/replaced.

Discussion:

Following review on a motion duly made and seconded to approve to move into Hazardous Mitigation with special road district, Moberly Area Community College, City of Moberly, for seven bridges road area, approved (3-0).

Mary Cagnino also discussed sewer district grant applications.
